

Westfield High School (WHS) SCORECARD 2009-2010

WWS Strategic Target Areas:

Student Learning
Safe and Healthy Environments
Fiscal Responsibility

Target Area One: Student Learning

Goal One: By 2011, 90% of Westfield High School students will earn a diploma in four years.

Table 1: Graduation rate is determined by the number of students in an identified cohort who earn a diploma (state, Core 40, Academic Honors, Technical Honors) in four years. 90% or more of WWS students will exit high school having earned a diploma in four years.

WHS Graduates

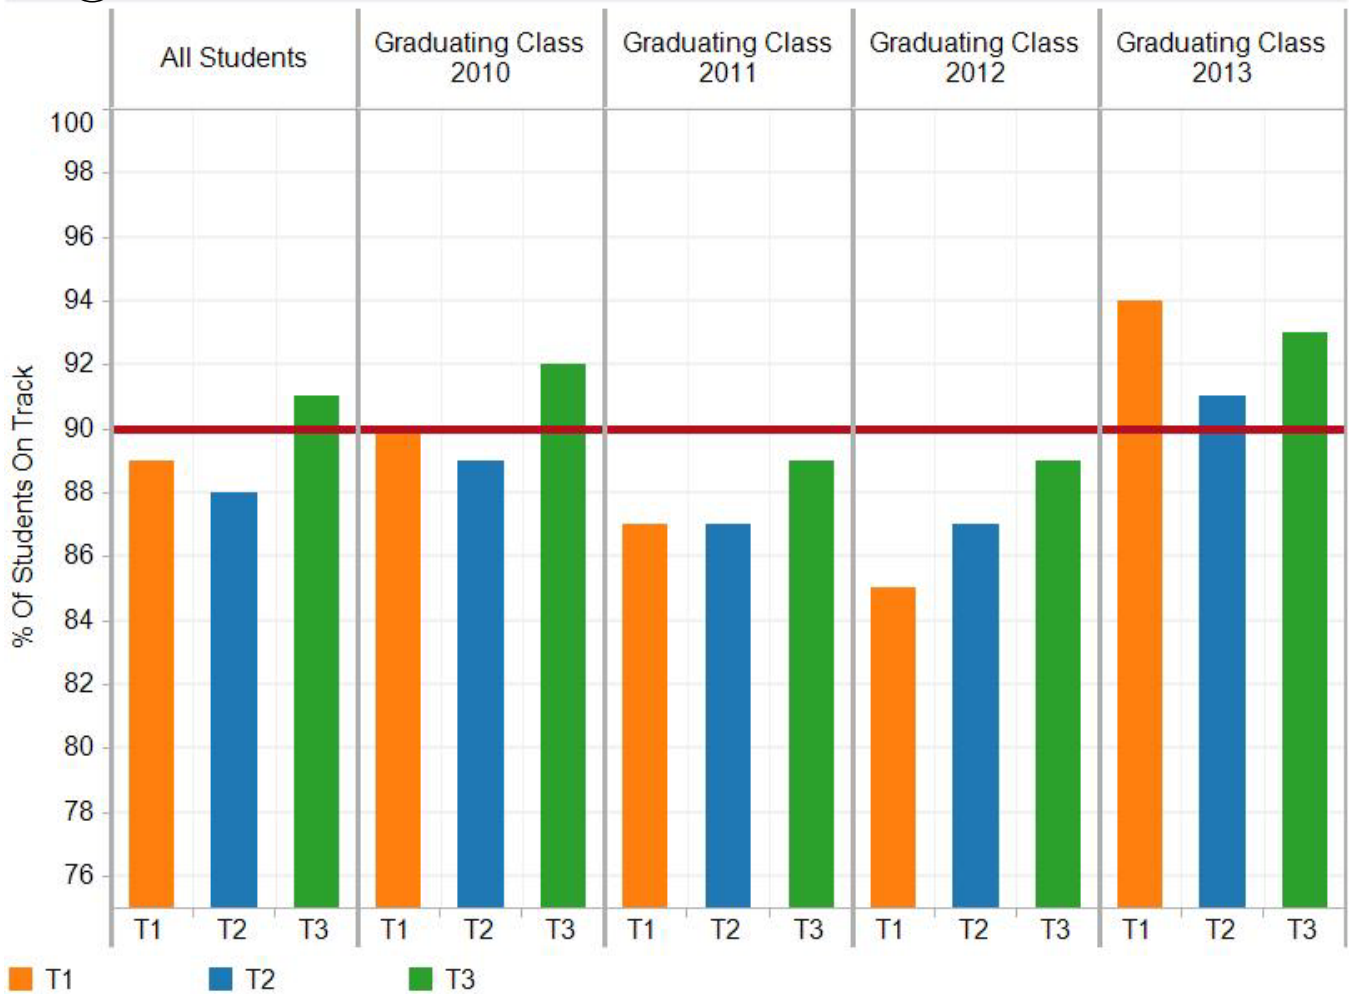

Indiana Department of Education official graduation rates are reported in November following the spring graduation.
WHS 2009-2010 graduation rate will be updated in trimester 2 of 2010-2011.

Table 2: On Track" percentage is defined as those students who have earned an appropriate number of credits in identified areas and are on track for earning a diploma with his/her identified cohort (graduating class).

2009-2010 Percentage of Students On Track for WHS Diploma

“On Track” status is a district standard and is reported by trimester.

Goal Two: By 2011, the percentage of WWS students meeting their individual growth targets on the NWEA Math, Reading, and Language Usage MAP Assessments will reach the **90th percentile** of all students taking the test across the nation.

Goal Three: By 2011, the percentage of WWS students within each of the four segmented groups (ESL, Special Education, Free & Reduced Lunch, High Ability) who meet or exceed their individual growth targets will be equal to the overall percentage of students at that grade level.

Percentile rankings are a comparison of WWS students to students across the nation. The data represents Math, Reading, and Language competencies. The last grade level for NWEA administration is the 8th grade. The high school uses the data for identifying strength and challenge areas of incoming students and can be administered to identified students for intervention planning.

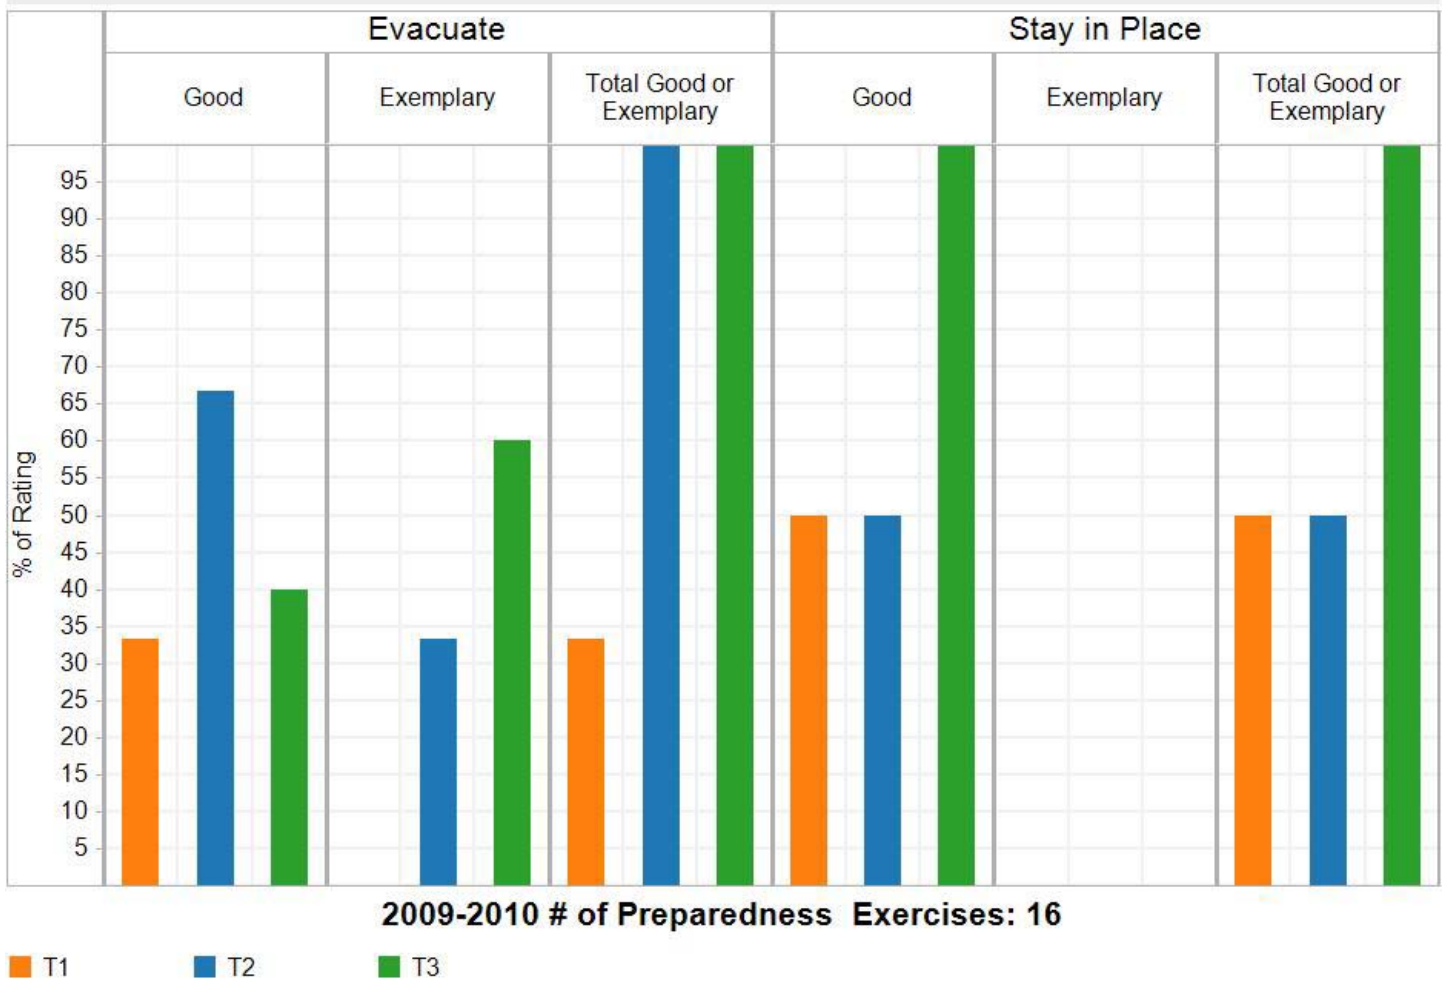

Target Area Two: Safe and Healthy Environment

Goal One: Each building will achieve an exemplary rating during 100% of its safety preparedness exercises.

Table 1: Exemplary rating is defined as percentage of drills completed and meeting all criteria in the district rubric for readiness.
